FARAH SIDDIQUI

Frontend Engineer

EXPERIENCE

Senior Frontend Engineer, Wisteria Interactive
Sep 2020 - Present
Lead the design-system team. Rebuilt the component library in TypeScript and React, cutting bundle size 38% and standardising accessibility across 60+ components. Introduced visual regression testing. Mentor three engineers.

Frontend Developer, Quillon Studio
Jul 2018 - Aug 2020
Built marketing sites and a customer portal in React. Improved Lighthouse performance scores from the 50s to the 90s across the main funnel.

PROJECTS

Canvas-based data visualisation library handling 100k points at 60fps using quadtree spatial indexing for hit testing.

SKILLS

TypeScript, JavaScript, React, Next.js, CSS, HTML, Webpack, Jest, Figma.

EDUCATION

B.Des Interaction Design, Whitmore College, 2018
